

Saving Yorkshire Lives

Research Publicity Form

Although we are ending routine IP reviews, sharing your public output is still a condition of your award. Your papers and news allows our Comms team to gain press coverage on stories that might be of interest to the public at large. Therefore, please contact us about your papers at the time of submission by completing this form and sending it to press@ycr.org.uk. Our Comms team will be in touch if they decide to cover your work.

Title _____ Forename _____ Surname _____
